TOKYO GLOATING OVER BRITISH CONCESSIONS ON GERMAN ARMS SHOWS JAPANESE AIMS UNCHANGED

Mr. Suma, In His Cups, Gives It Away, Is Sorry

TOKYO, Dec. 6 (Reuter)—A statement by Mr. Suma, the Japanese Foreign Office spokesman, to the effect that the "measure violates all the known rights of neutrals and inflicts severe losses to them," was printed by the Miyako Shimbun in connection with the enforcement of the British Order-in-Council authorising the seizure of German exports in neutral ships on the high seas.

"Should Japanese ships in Europe suffer any losses, we are determined to take definite action to cope with the situation in accordance with international law," Mr. Suma was quoted as having stated.

"Replying to our protest, Mr. R. A. Butler, British Under-Secretary of State for Foreign Affairs, said they would do their best in handling German exports destined for Japan. That is because Britain is afraid of Japan's determination.

"Do you ask why? Because Britain and France have considerable rights and interests in the Orient, including Hongkong and Singapore, and, if Britain and France clash with Japan, they will be like chinaware that is easily broken.

NEW RUSSIAN OFFENSIVE IN KARELIA

ROME, Dec. 6 (Reuter)—According to the Helsinki correspondent of the Popolo Di Roma, the Russians have launched a new offensive in Karelia and the Lake Ladoga district.

The correspondent added that Finnish warplanes raided the Soviet air base at Murmansk and destroyed 60 Soviet planes.

ELEVEN TANK DIVISIONS Special to the Hongkong Daily Press

HELSINKI, Dec. 6 (Havas)—Latest data reveals that the Soviet troops attacking Finland are from the 7th Army, commanded by General Merejkov, and comprising 11 tank divisions. Five divisions are reported to be massed at the Karelian Isthmus and four divisions to the north of Lake Ladoga.

One of the main objectives of the Russians is the railway line from Peitajärvi to Oulu, on the Gulf of Bothnia and the Ladoga districts. Far to the north Soviet troops comprise skiers from Kandaksha, on the White Sea.

Well-informed quarters estimate that the Russians advanced 40 kilometres and sustained heavy losses in the process.

Swedish sources estimate that 400,000 Finnish soldiers are facing half a million Soviet troops supported by an overwhelming number of planes.

NO NAZI RECOGNITION

COPENHAGEN, Dec. 6 (Reuter)—It is not expected in Berlin that Germany will recognise the so-called Finnish People's Government of Terijoki, says the Berlin correspondent of the Politiken. It is added that the Wilhelmstrasse will continue to recognise the Helsinki Government.

After this, one-million cigarettes will be sent to the men at the front every month.

JAPANESE ARTILLERY ATTEMPTS TO CHECK CHINESE ADVANCE IN SAMSHUI SECTOR

FIGHTING IN PROGRESS NORTH OF YAMCHOW

KWEILIN, Dec. 6 (Central)—A Chinese column is counter-attacking Yamchow, according to military advices. Fighting is also going on at Slutung, 15 miles north of Yamchow.

On the Canton-Hankow Railway the Chinese are continuing their pressure on the Japanese falling back to Kuntien from Nganchangau. Japanese at points south of Nganchangau have been subjected to further attacks. To the east of Nganchangau a Japanese contingent fought to cover the retreat of their troops yesterday morning.

In the Samshui Sector after the recapture of Wongtung, the Chinese are attacking Kaitong, and Paisha. To check the Chinese advance Japanese artillery heavily bombarded Wongtung yesterday.

Three hundred Japanese troops drove toward Saichushan from Kowkong and Fatsan on Monday. They encountered stiff Chinese resistance. In spite of their superior artillery fire, they failed to break through the Chinese lines and fell back to Kowkong and Fatsan. Many villages on the way were set afire.

PRISONERS MASSACRED

KWEILIN, Dec. 6 (Central)—Forty-six Chinese war prisoners captured during fighting on the Kwangtung-Kwangsi border are reported to have been massacred by the Japanese at Kowlung and Pingkut, north-east of Yamchow.

PASSING OF MARSHAL WU IS UNANIMOUSLY MOURNED BY CHINESE

CHUNGKING, DEC. 6 (REUTER)—CHINESE OFFICIAL AND PUBLIC CIRCLES, AS WELL AS THE CHINESE PRESS, UNANIMOUSLY MOURN the passing of Marshal Wu Pei-fu. The press pays tribute to the former warlord for his "stubborn refusal to serve the Japanese in Peiping."

Gen. Ho Ying-ching, War Minister, after sending his condolences to the late Marshal's family and relatives, declared in a statement that Wu Pei-fu had always been unshakable in his convictions.

"Even at the time I was in Peiping for the National Government the Japanese repeatedly attempted to make use of the Marshal in forming the new regime but he never yielded. The Marshal's integrity and character became even more inviolable as he advanced in years and his death is a national loss."

Under the title "Our National Hero — Marshal Wu Pei-fu" the

CLEAR CONTRAST

Marshal Wu Pei-fu's struggle against difficult conditions in Peiping, the paper adds, contrasts clearly with the shameful behaviour of traitors and puppets and demonstrate the power of strength, righteousness and bravery.

32,000 BOMBS KILLED TWENTY THOUSAND CHINESE CIVILIANS IN SEVEN MONTHS OF AIR RAIDS BY JAPANESE IN SIXTEEN PROVINCES

Anniversary Of Finnish Independence

LONDON, Dec. 6 (Reuter)—President Kyösti Kallio, broadcasting on Finland's anniversary of her independence, declared: "Our greatest strength is in unity."

He paid tribute to Finland's women, who had valiantly done their duty on the frontier, as well as the men, and the Finnish Government who did its utmost to find a solution by negotiation but could not accept all the Russian claims.

He said that Finland is defending western civilisation and concluded by quoting the words of Martin Luther: "God is our firm stronghold."

EIRE COASTAL DEFENCE

LONDON, Dec. 6 (Reuter)—The Eire Government is spending an extra £250,000 for building craft for coastal defence.

Mass Destruction Of Houses: Over 300 Junks Blown To Bits

CHUNGKING, DEC. 6 (REUTER)—FORTY-THOUSAND CHINESE CIVILIAN CASUALTIES, INCLUDING 20,000 KILLED, RESULTED FROM JAPANESE AIR RAIDS on 16 Chinese provinces during the seven months between January and July this year, according to figures just released by the Chinese Aeronautical Affairs Commission.

DURING THIS PERIOD, JAPANESE AIRCRAFT MADE 1,276 RAIDS AND DROPPED 32,000 BOMBS.

Sixty-four thousand houses are said to have been destroyed, 6,000 others damaged and 380 junks blown to bits.

The heaviest casualties occurred in the month of May, as the result of the Japanese bombing of Chungking on May 3 and 4.

It is estimated that 14,000 people were killed and wounded in May.

MAY 4 BOMBING

According to the report of the Chinese National Relief Commission, casualties in the bombing of Chungking on May 4 alone were 4,572 killed and 3,637 wounded.

Houses destroyed on May 3 totalled 900 and, on the following day, nearly 1,100 houses were demolished by bombing.

Kwangtung is said to be the most severely bombed of all the provinces. During the seven-month period it suffered 311 raids.

NAZI Bomber CRASHES OFF NORFOLK COAST

LONDON, Dec. 6 (Reuter)—A twin-engined bomber crashed off the Norfolk coast today. There was no air raid warning, and no gunfire heard and it is surmised that the enemy aircraft got out of control and crashed into the sea.

A lifeboat was launched in an attempt to pick up survivors but none were found. Later the body of a young German airman and the wreckage of the plane was found on a beach.

NO CONTACT MADE

The Air Ministry announced that some enemy aircraft were active last night off the east coast. Some fighter aircraft were sent up but the weather was bad and no contact was made.

Referring to the wreckage of a German aircraft found on the coast, the Air Ministry says that it is presumed that it was engaged in mine-laying operations.

Nazis Prepare For Attack On Maginot Line

Special to the H.K. Daily Press LONDON, Dec. 6 (Havas)—Preparations for a large-scale offensive against the Maginot Line are envisaged by the Daily Mail which reports that ten German divisions have been withdrawn from the Dutch border and are at present stationed on the Luxembourg border.

The paper asserts that the offensive is starting in the near future with the violation of the neutrality of Luxembourg.

REPORT CONFIRMED

Special to the H.K. Daily Press ROME, Dec. 6 (Havas)—In confirmation of the Daily Mail the newspaper Piccolo reports that concentrations of German troops and artillery are being carried out in the Luxembourg region apparently aiming to shatter the Maginot Line.

SERIES OF RAIDS

PARIS, Dec. 6 (Reuter)—The Germans made a series of raids in the past 24 hours on six different points of the 20-mile stretch of the Lorraine front.

All the raids were repulsed and at two points the Germans suffered definite losses leaving their dead behind them.

It is clear that the Germans are trying to verify the Allied battle order by making raids along the whole front in the hope of capturing prisoners but they have not captured a single man.

Shortage Of Small Change In Shanghai

SHANGHAI, Dec. 6 (Reuter)—The shortage of small change here is daily becoming more acute and it is almost impossible to obtain 20-cent notes at the local exchange shops unless one is prepared to pay 20 cents per dollar commission.

For months past bus and tramway companies have minted their own tokens for small change and now the Hongkong and Shanghai Company Hotels, the Foreign Y.M.C.A. and other leading institutions throughout Shanghai are issuing their own small change tokens.

DR. SUN FO ON HIS WAY BACK TO CHINA

SHANGHAI, Dec. 6 (Int'l)—An unconfirmed report stated that Dr. Sun Fo, President of the Legislative Yuan, who spent over a year in Soviet Russia on an official mission, has left London for China, via the United States. Dr. Sun is expected to be back in Chungking early of the month. He will probably fly from San Francisco to Hongkong.

Mr. Chow relates that the plane, which was dropping incendiary bombs, chosen as a target a large quantity of fire-crackers, stacked up close to the sea shore in a pile several feet high and covering an area of about 80 square yards.

Close to the stacked-up fire-crackers were three crates containing two pigs apiece. The heat of the conflagration was such that the pigs, more than 20 yards away, were roasted alive within a minute of the bomb coming in contact with the crackers.

The local populace, some 200 in number, sat down later to feast on roast pork prepared in this most unusual Japanese way.

RAMBLING RECS. NOW PRACTICALLY ASSURED OF WINNING CHAMPIONSHIP: SOFTBALL FANS GIVEN KEEN GAME ON SUNDAY

Recreio Girls Lose First Match Of The Season

(BY "R.O.Y.")

Before a record gathering of several thousand softball fans, the Rambling Recs. nosed out the Hongkong Ball Club, by 5 runs to 4, to practically assure themselves of this year's championship.

The host of rooters cut loose with the full capacity of their lung power, as soon as play ball was called, and the tension of the atmosphere communicated itself to the players with disastrous effect, neither squad reproducing the airtight defence for which they are noted.

H. All dropped a sitter at left field, Omar let a line drive pass through his hands and Terry Leonard juggled a throw, to chalk the Ball Club up with three miscues.

The Recs. four bobbles came through two wild pegs by Spotty Pereira, a fumble by Nick Beltrao and Linho Gosano's moment of indecision that allowed All to reach first safely.

FINE START
The Ball Clubbers started off in fine style and scored twice on circuit clouts by George Souza and Dave Leonard, but Recreio replied with one in the first and two in each of the second and third frames in the latter of which Eddie Gosano connected for a homer to drive in brother Linho ahead of him.

The losers made a comeback with two markers in the sixth through Souza and All, but were blanked in the last. George Souza, despite dislocating his finger in the first frame, was the star of the losing squad, and displayed plenty of dash on the base paths.

Frankie Gonzalez hurled a steady game, thanks to Hal Wing Lee's quietening influence behind the plate. Johnny Alvarez also did a good pitching job, but made the mistake of feeding slow balls to Souza and Dave Leonard. Gerry Gosano had a busy and errorless day at the left garden, while Henrique Barros gave a sound display at the initial sack.

INTERESTING CLASHES
Although overshadowed by the big game of the day, several other interesting clashes took place; Chung Hwa kept within striking distance of the leaders by taking the V. R. C. boys 9-1, after Tufty Chinn had eased off on the mound to allow the losers some hitting practice.

Wally Ching and Choy garnered hits for the winners, while Tufty Chinn and Nip Lum gave a show that indicates that they are probably the best battery on the league.

CLOSE VICTORY FOR CLUB

WINNERS' DEFENCE IMPREGNABLE

Hongkong Hockey Club beat the 8th Heavy Regt., R.A., by one goal to nil in a friendly hockey match played at King's Park yesterday, the Club captain, G. E. R. Divett, netting within a few minutes of full time.

Club fielded a team strong in every department, though more sound in defence than attack. Good spilling work by the 8th H.R. full backs, Hazara Singh and Darshan Singh, kept down the score, though with the best of luck the Club could not have come through with more than three goals.

There was good understanding between the Club inside-forwards, and on the right wing, S. A. Fowler was in form. The Club defence was at times seemingly impregnable.

The Gunners' forward line, led by Marshall, was aggressive in turn, and there was some good play on occasions when either of the wingers broke through. It was not so much the weakness of the Gunners' attack, as the strength of the Club defence, that decided the match.

The teams:—
Club:—V. M. Benwell, V. C. Bond, E. V. Reed, E. J. D. Lowe, W. A. Reed, N. B. M. Whitley, S. A. Fowler, D. de S. Carey, G. E. R. Divett, T. S. D. Whitley, and R. A. Bates.

8th Heavy Regt., R.A.:—L/Bdr. Smith; Hav. Hazara Singh, Hav. Darshan Singh; Sgt. Dinnot, Lt. Hook, Hav. Sardara Singh; Bdr. Anderson, Nk. Joginder Singh, Gnr. Marshall, Gnr. Shingara Singh, and Gnr. Ajab Singh.

WELCOME MOVE BY H.K.F.A. TO STAMP OUT ROUGH PLAY

League Soccer Reviewed: Eastern's Performance BY "PILAT"

THE APPEALS MADE IN THESE COLUMNS FOR CLEAN PLAY have apparently not fallen on deaf ears. At the Council meeting of the Football Association on Monday this was the main topic of discussion.

Two members of the Council, Mr. Walter Hamming Chen and Mr. W. E. Hollands, spoke very strongly on the subject and incidents were quoted.

That the Association is determined to stamp out all rough play was fully borne out by their decision to appoint a Referees' Subcommittee to inquire into the matter regarding the questionable tactics used by some of the players in the Eastern-Royal Scots game.

This is a step in the right direction and the Association are to be congratulated on their initiative.

LEAGUE GAMES

Eastern, considering the fact that the majority of their players were still suffering from injuries, did well to beat South China "B" by the odd goal in three.

Though strengthened by Lee Tak-kee, transferred from St. Joseph's, Eastern's forward line was far from impressive. Lee, I believed, previously used to play for Eastern and led the attack on Sunday with a fair measure of success.

Eastern will have to improve considerably especially in their front line.

Hsu King-sing was again the mainstay of the defence, while Tsang Chung-wan seemed to play better with Cheng Yui-kuen as his partner.

CHAN TAK-FAI BACK
Chan Tak-fai, after a long absence, made a return to the game and, with Kwok Ying-ki and Yeung Shui-yick, were the most dangerous forwards on view.

Cheung Wing-chol's display between the sticks, however, overshadowed everything else. The manner in which he saved shot after shot, when Eastern were constantly attacking, was a marvellous exhibition of agility.

WIN FOR NAVY
Royal Navy, surprisingly accounted for the Royal Scots by the only

goal of the match. The Senior Service thoroughly deserved to win.

The Scots, as I said in my notes on Saturday, found the sailors equal at their type of game and could not penetrate the Navy defence.

DRASTIC CHANGES

Despite drastic changes, Kowloon showed up poorly and were between by Kwong Wah more easily than the score of 2-1 would indicate.

Bliss, in his first game since his return from leave, was slow at centre-half and with Eastman also in poor form on his left, found the Kwong Wah forwards too much for them.

It was a great mistake to play Williamson at centre-forward. He was too slow and it was evident that his type of game was entirely unsuitable as leader of attack. This resulted in misunderstanding between him and his inside men.

Kwong Wah seemed to have benefited from the changes made in their team and, on the whole, played a better game.

The most noticeable change was in the intermediate line where Chung Kim-fai replaced Yeung Tse-tsung as pivot, the latter playing at right half. These two, with Tse Kam-hung, formed a useful first line of defence.

SAINTS SUPPRISE
Jumping quickly into a lead of two goals which they held till the interval, St. Joseph's surprisingly held the Middlesex to a 2-2 draw.

Middlesex did not deserve to lose and were definitely the superior side.

The "Diehards" played as well as in their previous game and although they stormed the Saints' goal many shots went wide of the

CHINESE JUST WIN

In a match in which the Chinese took matters far too easily almost resulting in their losing a valuable point, South China "A" just managed to beat Club by the odd goal in three at the Valley on Saturday. The Chinese had the measure of their opponents all the way but the Club defence rose to the occasion, Ken Forrow, pivot, marking the scheming Fung King-cheong very well, while Ernie Strange worked unceasingly at left half. Sid Strange did yeoman work at left back.

A word of praise is due to young Odell who made his debut between the sticks for the Valley senior team. Though shaky at first, Odell brought off some fine saves especially a hard shot from Ip Pak-wah at about 10 yards range. The game, on the whole, was not

FINE MELODRAMA AT KING'S TODAY

"Girls on Probation," the Warner Bros. production which opens at the King's Theatre today with a cast headed by Jane Bryan and Ronald Reagan, is a vivid, pulsating melodrama which also presents fairly and sympathetically—perhaps for the first time in motion picture—the workings of the much misunderstood and often maligned system of probation.
Most of the offenders granted probation are, of course, undoubtedly guilty of the crimes of which they have been convicted, but the Warner picture makes its argument for the system even more effective than it might be ordinarily by telling the story of an innocent girl who was being railroad toward a prison term.
The only offence of which the heroine of "Girls on Probation" is guilty is that of unwittingly associating with bad companions.
Also important in the cast are Anthony Aversil, Sheila Bromley, Henry O'Neill, Elizabeth Risdon, Sig Ruman, Dorothy Peterson, Esther Dale and Susan Hayward.

WESTERN
FRONTGerman Raids
FailARTILLERY ACTION
EAST OF MOSELLE

PARIS, Dec. 6 (Reuter).—Last night's French war communiqué revealed that the Germans made a number of raids on the Western Front yesterday, which failed.

It is not stated where the raids took place, but it is known that the Germans have recently been busy in the Lissembourg region.

A German communiqué said that there was heavy French artillery activity near the Luxembourg frontier.

INCREASED ACTIVITY

BERLIN, Dec. 6 (Reuter).—There was increased activity yesterday on the Western Front, according to an Official German War Communiqué.

There was no local activity, says the communiqué, except for some "stronger enemy artillery action east of Moselle River."

1,500,000 MEN UNDER
ARMS IN BRITAIN

LONDON, Dec. 6 (Reuter).—Great Britain now has between 1,250,000 and 1,500,000 men under arms.

Announcing this yesterday, the Lord Privy Seal, Sir Samuel Hoare, said there would be another great increase in the next few months.

Side by side with the fighting services was a great citizen army engaged in A.R.P.

AIR CONSTRUCTION

"Our programme of air construction has been doubled and we are building one-million tons of shipping," said Sir Samuel Hoare.

In the last two years, says another statement issued yesterday, there are now six times the number of Government Munitions Factories.

ESPIONAGE
ACTIVITIES
IN HOLLANDPOLICE FOLLOW
UP CLUES

AMSTERDAM, Dec. 6 (Reuter).—The loss of one of the many Dutch ships sunk recently is attributable to espionage activities in Holland, according to the Telegraaf.

ROUTINE TIGHTENED

As a result of developments, the routine in Dutch Government departments has been abruptly tightened up and searching enquiries are made before important dossiers are handed over to those asking for them and it is forbidden to leave plans and documents lying on desks all night long.

In the meanwhile, the Police are following up clues, in connection with alleged espionage. Arrests have already been made and more are possible.

Superiority
Of Allied
FleetsCOMPARISON OF
LOSSES IN LAST
WAR

LONDON, Dec. 6 (Reuter).—From Aug. 4 to Nov. 11, 1914, the Navy lost 22 ships, totalling 125,656 tons, including five cruisers and one aircraft-carrier torpedoed, one battleship, one cruiser and eight other ships mined, and three cruisers sunk by action of enemy surface ships.

1939 FIGURES

From Sept. 3 to Dec. 3, 1939, the losses "amount to nine vessels, totalling 73,886 tons, including two over-age warships, the Courageous and the battleship Royal Oak, torpedoed, and four mined.

Thus the losses at the beginning of this war are little more than half the tonnage and less than half the number of ships in the same period in the last war.

The margin of superiority of the Allied Fleets is immeasurably greater today than in 1914.

ASTONISHED
AT MARSHAL
WU'S DEATHNO REPORTS OF
HIS ILLNESS
RECEIVED

CHUNGKING, Dec. 6 (Central).—Chungking is astonished at the sudden death of Marshal Wu Pei-fu, the famous scholar, poet and erstwhile warlord.

It is pointed out that prior to his death no reports of his illness had been received.

JAPANESE OFFERS

It is understood that recently he again turned down Japanese requests to head a puppet government, and that Japanese agents had constantly called at his residence.

It is said that Japanese doctors were attending him before his death and, immediately after he died, a cordon was thrown around his residence by Japanese gendarmes.

Upon confirmation of the death of Marshal Wu yesterday, Gen. Ho Ying-chin, Minister of War, addressed a telegram of condolence to the family of deceased.

GLOWING TRIBUTE

Interviewed, Gen. Ho paid a glowing tribute to the late warlord. He said: "Marshal Wu was a model Chinese soldier. His death is a great loss to China."

"A stubborn man, Marshal Wu," he added, "was most uncompromising toward the Japanese. When I was in Peking as Acting Chairman of the Peiping Branch of the National Military Affairs Commission, he had repeatedly rejected Japanese requests to form a bogus regime. He maintained the same firm attitude for the past few years."

"Recently he had flatly turned down all overtures by Wang Ching-wei and other puppets, and Japanese agents."

Wu Pei-fu Eulogized
By Press

The Chinese press in Hongkong yesterday expresses profound regret at the death of Marshal Wu Pei-fu, erstwhile war lord.

It praises his sterling character and personal integrity as exemplified in his repeated refusals to serve in the puppet regime despite Japanese intimidations.

The Ta Kung Pao says his untimely death prevents him from seeing China emerge victorious from the present struggle. Like the death of Caesar, it is a great loss to the country.

The journal draws a striking contrast between Marshal Wu and Wang Ching-wei.

"SPIRITUAL BLOW"
The National Times, referring to Marshal Wu's rejection of Japanese overtures during the past two odd years, says that he had administered a "spiritual blow" to the invaders.

The Sing Tao Jih Pao says that Marshal Wu has been a towering figure of purity amidst foulness in the Japanese "occupied" areas. His loyalty and integrity should command the respect of the whole nation.

The Lih Pao states that although he had been an obstacle to the Chinese Nationalist Revolution prior to 1927, Marshal Wu has represented the true national spirit in the last ten years.

AMERICA
MAY ALSO
PROTEST

WASHINGTON, Dec. 6 (Reuter).—A decision can be expected this week as to whether the United States will protest to Britain and France regarding the allies seizure of German exports, said an official of the State Department.

He added that the question had been studied for some time by officials of the State Department, following the protests by other neutrals.

SUPPLEMENTARY VOTES FOR \$353,382 WANTED BY FINANCE COMMITTEE

A total of \$353,382 in supplementary votes will be considered at a meeting of the Finance Committee to be held today, immediately after the meeting of the Legislative Council.

Defence expenditure again claims a large portion of this sum, a total of \$50,832 being covered in nine votes dealing with personal emoluments (\$500), training manuals (\$50), training expenses for Nursing Detachment (\$200), transport (\$5,000), allowance for officers of H.K.N.V.F. for training in England (\$232), fuel, light and water (\$600), pay and allowances on mobilization (\$40,000), hire of halls and lecturers' fees for A.R.P. (\$3,000), and equipment for St. John Ambulance Brigade Reserve (\$1,200).

An additional item of \$9,200 is included for uniforms.

Two votes, totalling \$1,850 are for the Botanical and Forestry Department—field allowances for foresters (\$150) and agricultural development in the New Territories (\$1,500).

HARBOUR DEPARTMENT
Under the head Harbour Department and Air Services, a vote of \$33,000 is requested on account of coal and oil fuel for launches.

It is pointed out that expenditure under this head has proved greater than was anticipated owing to the rise in the prices of Bunker and Diesel fuels and the greatly increased running hours of all Government launches.

IMPORTS AND EXPORTS
Two votes, totalling \$30,250 appear under the head of Imports and Exports Office—transport claiming \$250 and Opium, preparation and carriage \$30,000.

It is stated that with the decrease in the imports of illicit opium, the increase in the sale of Government opium has continued and it has been necessary to pay for the preparation and carriage of much larger quantities than anticipated.

Three votes, totalling \$6,620, are requested under Legal Department—\$300 for electric fans and light, \$5,000 for legal expenses and \$1,320 for the purchase of Trade Mark registers.

MISCELLANEOUS
Under Miscellaneous Services total \$109,860. A sum of \$100,000 is requested for special War expenditure (other than expenditure on the Volunteer forces) up to Dec. 31 in connection with postal and cable censorship (\$25,000), internment of aliens (\$55,000), Department of Information (\$6,500), Shipping Control Advisory Board (\$8,000) and Miscellaneous items (\$7,500).

The balance of \$9,860 is requested in connection with bonuses for examinations (\$2,100), Government Gazette (\$2,000), printing expenses (\$3,000), printing of ordinances, etc. (\$2,500) and increase in cost of printing the Government section of the Telephone Directory (\$260).

POLICE FORCE
Several votes are also asked for the Police Force. These total \$19,900 and are in connection with increased expenses in light and fans owing to the emergency situation (\$3,400), passages for Police Officers on account of commitments already incurred (\$7,000), petrol, etc. for Police motor vehicles (\$4,320), Remand Home for Juvenile Offenders (\$1,650), rent of additional space for Special Branch (\$420), Repairs to Police motor cars and cycles and small stores (\$3,200).

Under Post Office (Air Mail Subsidy) a sum of \$39,100 is requested as representing in H.K. currency the administrative contribution of £2,402.18.3 to the Empire Air Mail Scheme for the year 1938.

Former Ship's Cook-Boy Accused Of Murder

Sequel To Quarrel Outside Douglas Street Wharf

HUI FOOK-SING, former cook-boy on the s.s. Siestan, appeared before Mr. R. Edwards at the Central Court yesterday charged with the murder of a coolie, named Pun Yau-se, who died at the Queen Mary Hospital on November 1. Pun was alleged to have sustained a stab wound in the stomach.

Mr. M. J. Abbott, Assistant Crown Solicitor, was in charge of the prosecution.

The Siestan arrived at Hongkong and berthed alongside the Douglas Steamship Co. wharf, Des Voeux Road Central. The following morning, the defendant and two others were carrying two bags containing copper coins.

The defendant was carrying one bag, and as they were leaving the wharf to enter the street, they were confronted by a crowd of coolies, who ran towards the men, apparently to try to carry the bags.

A quarrel arose between the three men and the coolies, and they eventually came to blows. It was alleged that one witness saw the defendant produce an instrument, which looked like a knife, and give a swinging blow at the crowd wounding one of the coolies.

COOLIE IN PURSUIT
Following the incident, the three men ran back to the ship, with a coolie in pursuit, but he was refused admission to the wharf by the watchman. The police were summoned and the dying man, Pun Yau-se, gave a description of his assailant. A party then went on board to look for the defendant, but failed to find him.

Meanwhile an ambulance was summoned and Pun was sent to the Queen Mary Hospital where he underwent an immediate operation. He died the next morning.

The police pursued inquiries, and the defendant was arrested when the ship called at Hongkong again.

Following evidence, the hearing was adjourned until today.

SHANGHAI CASE

"ENGLISH DIAL"

NEW PUBLICATION BY CANTON U.

With the two-fold purpose of cultivating the interest of the Chinese students in the study of the English language, and of supplying them with wholesome collateral reading, several professors of the Canton University have recently put out a publication entitled "English Dial" which made its first appearance on Dec. 5.

The material of this semi-monthly is largely drawn from periodical literature and newspapers. It is thought that such up-to-date material not only acquaints the students with the events of the world but also helps to enlarge the vocabulary of the beginners. To further help them to develop a reading knowledge of English—a difficulty with which many a Chinese student has to contend—the editors have taken great pains to render the English versions into Chinese with ample footnotes and explanations.

The contents of this magazine consist of selected readings in journalistic prose, news items, feature articles, speeches and orations of the day, diplomatic documents, short stories, popular science, idiomatic expressions, and diagrams.

The paper is edited by Prof. W. H. Tam, Prof. H. S. So, Prof. B. C. Dai, Prof. P. L. Ho and Prof. S. T. Tong. The publisher is Mr. S. W. Liang, manager of the New China Cultural Service, Kowloon.

Appearing on remand before Mr. R. Edwards at the Central Court yesterday on a charge of manslaughter, Chung Wan-ching, 32, married woman, was committed to the Criminal Sessions. The deceased was a woman, named Pun King-se.

women, and there are more of the latter who work there, are recruited from the surrounding countryside. They are being paid better rates than in normal times for work in loading and unloading cargoes, and are carrying on despite the frequent Japanese bombings.

The region, Mr. Chow says, has become "war risk" conscious, and requests for "bombing risk cumshaw" are not unusual. Small traders in essential foodstuffs and commodities seldom make a demand for such cumshaw, but matches, candles, cigarettes, and other commodities are occasionally taxed in such manner.

The fishing and trading junk populace is carrying on as usual, and are, in Mr. Chow's estimation, more than usually prosperous. Junk people make a point of carrying less money, but pirates are as numerous and passengers other than travelling traders are asked to pay extra for the fact that they attract too much attention.

As Mr. Chow and his companions were travelling in company and for no other purpose than to visit relatives, one junk master told them, a pirate gang could quite easily conclude that they were carrying money either to one of the smaller villages, or from one such village to another. He would not take them if they did not pay extra for the risk they were bringing to his junk.

FREIGHT RATES LESS

In the case of travelling traders, whose merchandise is carried also on these junks, the junk owner allows a concession for piracy risk and freight rates are less than before, the argument being that the trader stands to lose more in a piracy than the junk master, junks seldom being taken.

The pirates, Mr. Chow says, he has good reason to believe, seldom steal a junk, unless they are operating from Chinese waters, and such instances are becoming more rare as the volume of trade in Chinese waters in already monopolised to a large extent by craft from bases as far north as Swatow, which have a reputation for being in a majority of cases much better armed than junks in British waters.

REICH LACKS
RAW MATERIALS

A RECENT SURVEY by the Royal Institute of International Affairs gave an interesting account of Germany's position with regard to a number of essential raw materials which the country needs to carry on the war.

IT INDICATED that, besides the deficit of domestic production, the Reich was dependent for certain important commodities on the sea lines which are now subject to the British blockade. Unless these articles can be smuggled in through neutral countries such as Italy and Scandinavia (a rather difficult proceeding while the relation of naval strength between the belligerents remains what it is) the Nazi war machine will find itself faced with extremely formidable obstacles.

THE MATERIALS of greatest shortage are fuel oil and rubber, both strategically decisive commodities. There is very little petroleum in Germany. Synthetic production accounts for only one ninth of the country's estimated war needs of gasoline. Rumanian imports scarcely bring the total up to half, and the Soviet Union is hardly likely to supply to the Reich what it needs for its own expanding industries and mobilised war machine. For Diesel oil and gas, Germany is dependent entirely on stocks accumulated before the war.

Domestic production of "ersatz" rubber is sufficient for one fifth of war-time requirements and the avenues of import, from South America and the East Indies, are entirely cut off. How long the supplies put by for a rainy day will last is not known.

ALTHOUGH GERMANY PRODUCES only 25 per cent. of her own iron, she can obtain considerable quantities from Sweden. The mines of Lorraine, which she owned in the last war, are, however, on the other side of the Maginot Line. Existing transportation facilities do not offer any practical means of importing Russian ores in bulk. Only the best of organization and extreme economy will enable normal production needs to be satisfied. If large-scale protracted fighting occurs on the front, it will be extremely difficult for the Nazis to feed their cannon.

OF COAL AND POTASH the country possesses a surplus. But tin, nickel, vanadium, molybdenum and tungsten (the last three are essential hardening agents in the production of high-speed steels) come entirely from overseas.

ANIMAL FATS and vegetable oils, both edible and industrial, are very short. Butter and bacon can be imported from Scandinavia, but the main sources of oil seeds are no longer accessible. In other foodstuffs the position is more satisfactory. Cereal-growing in Germany Proper depends largely on imported fertilizers. The acquisition of Poland and the proximity of the great wheat fields of Rumania and the Ukraine will, however, make any serious insufficiency most unlikely. The same is true of meats.

AMONG ARTICLES of everyday consumption wool, silk, jute, coffee and tobacco are now most difficult of access and it is safe to say that the real thing, as distinct from more or less successful synthetic imitations, will soon disappear completely from German markets.

CORRESPONDENCE

ANTI-TUBERCULOSIS
CAMPAIGN

To the Editor, Hongkong
Daily Press

Dear Sir,—Congratulations to your paper on being the first in Hongkong to extract from the Government a promise to launch an extensive campaign against tuberculosis in the near future. For years now the authorities have closed their eyes to the terrible toll which this scourge is exacting in the Colony and nothing has been done to combat the incidence of this disease which far from showing abatement, has assumed abnormal proportions in the past two years.

The Director of Medical Services is undoubtedly much handicapped by lack of funds for pushing a scheme in an honest endeavour to check the spread of tuberculosis and that he has decided to start a campaign will be welcomed by all communities.

I fall to see, however, how the Technical Committee could have arrived at the conclusion that a sanatorium for the treatment of tuberculosis is not imperative at present, while admitting in the same breath the heavy death toll from this disease.

The D.M.S. no doubt has in mind for inclusion in his campaign a strong drive against expectorating in public places and vehicles and the prevention of overcrowding in cubicles—two factors to my mind, which should be dealt with at the outset.

As regards the building of a sanatorium, I feel sure that despite the many calls on the public in these times of stress, members of all communities will readily respond to an appeal for funds for building such an institution on the most up to date lines for the treatment of tuberculosis in order to check the disease before it is allowed to get beyond control. The health of the Colony is after all, just as important if it is to play its part in supporting the mother-country when called upon to do so.

Yours etc.

HEALTH FIRST.

"THE WARNING"

[To the Editor, "Hongkong
Daily Press"]

Sir,—May I through your courtesy supplement the letter from the Director of Air Raid Precautions that appeared in your issue of yesterday. "The Warning" is a film that should be seen by every citizen, and citizenship of Hongkong who would learn of the adequacy of air raid defence in England. To those who feel anxiety as to the safety of families and friends at home, this picture brings comforting reassurance and revelation.

Few of us here can realise the comprehensiveness of the vast A.R.P. organisation in England so ably directed by Sir John Anderson, the Minister for Civil Defence. In this production, sponsored by

MOLESTATION
OF WOMAN
ALLEGED

That the deceased, Liu Yuk-chee, had deliberately molested one of two women he met by the booking office of the Portland Theatre in Nathan Road on the night of November 2, and that he was later set upon by a man who struck him several blows with his fists, constituted part of the evidence given by a friend who had accompanied him that night when committal proceedings at Kowloon Court were heard yesterday against two men on a manslaughter charge.

The defendants are Yuen Hing and Wong Chau, the former of whom is being defended by Mr. C. A. Sutherland Russ. The principal witness heard yesterday was Tam Lam-wong, 19, gunny sack dealer. Tang said that when the deceased touched one of the women deliberately on her breast, she scolded him and said, "Unlucky devil. I will strike you." He then called the women "female convict."

As he proceeded later with Liu along Nathan Road, his friend, the deceased, was suddenly attacked by a man who struck him several blows with his fists. Liu collapsed in a faint, and later died.

For the prosecution, Det.-Insp. A. E. Carey said the defendants were arrested on November 10 on information received.

Proceedings will be continued on Saturday.

the Government, every sphere of anti air raid activity is shown in scenes of vivid realism. This is no milk-and-water production. We hear the crash of falling bombs, the staccato clatter of machine guns, the clanging of ambulances, the wailing sirens of the Fire Brigade, the deafening reports of anti-aircraft guns and we see the tense and ordered efficiency of the system that meets the menace of succeeding waves of attack and the disciplined measures of organised security provided by the A.R.P. services.

The producers commendably have shown restraint in the presentation of anything that might offend the squeamish. There is nothing gruesome in this picture. There is something that is grim and everything that is enthralling. Wherever this picture has been shown it has resulted in a considerable accession to the numbers of the A.R.P. organisations.

I hope it will have that effect here. We need many more Warden before we can be satisfied that our posts will be fully manned in emergency with adequate reserves. There are some vacancies in the higher offices of administration in the districts of Hongkong. Here is a good opportunity for our foreign friends who are ineligible for service in our armed forces but who will volunteer for organising duty in this good cause of civil defence. If any such will write to me I shall be very glad to tell them of our needs.

C. CHAMPKIN,
Chief Air Raid Warden.

BRITAIN'S GIGANTIC INDUSTRIAL
EFFORTS FOR WAR: PRODUCTION
RATE ALMOST DOUBLED

LONDON, DEC. 6 (REUTERS).—IN THE HOUSE OF COMMONS YESTERDAY, MR. ARTHUR GLENWOOD, DEPUTY LABOUR LEADER, MOVED AN AMENDMENT TO THE ADDRESS, REGRETTING THE ABSENCE OF PROPOSALS FOR ORGANISING TO THE FULL OUR HUMAN AND MATERIAL RESOURCES FOR THE EFFECTIVE PROTECTION OF THE WAR, THE PROVISION AND MAINTENANCE OF AN ADEQUATE STANDARD OF LIFE FOR ALL AND FOR A SOLUTION, ON THE BASIS OF SOCIAL JUSTICE, OF PROBLEMS WHICH ARISE ON THE RETURN OF PEACE.

Sir Samuel Hoare, Lord Privy Seal, in reply, reviewed Britain's industrial efforts after three months of war.

He said that the value of contracts placed for munitions and equipment since the beginning of the war was £195,000,000 and in the single week Nov. 21 to 28, £12,000,000.

ORDNANCE FACTORIES The number of ordnance factories in production was thirteen, while sixteen others were in various stages of completion. Twenty-three private factories, known as agency factories, had been built or were being built.

In regard to tanks and transport, forecasts of the production rate for wheeled vehicles for January 1940 was ten times that for January 1939.

AIRCRAFT PRODUCTION Since the beginning of the war, the Government had undertaken a programme which would result in doubling the amount of aircraft production.

"We are greatly expanding in a gigantic war effort our previous programme for building a million tons of new merchant shipping,"

said Sir Samuel Hoare, and referring to unemployment, he expressed the opinion that in the early months of 1940 a job would be looking for a man and a not man for a job.

DOMINION PILOTS Dominions pilots in England are to fly the new R.A.F. planes from the factory to the aerodromes.

OUTPUT DOUBLED LONDON, Dec. 6 (Reuters).—The production of ammunition of all sorts has been doubled during the past six months and this new output will be doubled in the next six months.

The number of Government factories has increased six-fold in the past two years and in the next year will be increased by eight times the original number. Commercial expansion has so far been less rapid, but in the next year the number may exceed Government factories. One Government factory produced the first gun of the year from the commencement of the building. This is typical of the rapidity of production Britain is capable.

Hello & Goodbye

(BY A. W. HYER)

Local commercial aviation officials were scowling yesterday. It appears that the winter weather in Europe is delaying Air France and Imperial Airways, and a typhoon near Manila is keeping Pan American Airways' Clipper down on the water at Guam.

Imperial Airways' inward plane will not put in an appearance until Saturday afternoon.

Air France's inward plane from France is due to land at Kai Tak this afternoon, 24 hours late. And Pan American Airways' California Clipper, due yesterday, will possibly arrive over the week-end. If not, it may return to San Francisco from Manila and the next Clipper will be arriving this coming Wednesday.

Tomorrow you will find one of the smaller Canadian steamers arriving with travellers from across the Pacific. And many residents will be over at the shipping piers participating in bon voyage parties aboard the popular Dutch steamer departing shortly.

Imperial Airways

ON WEDNESDAY, at 7 a.m., Capt. A. B. Dykes took the R.M.A. Delphinus off the tarmac at Kai Tak. Three passengers were travelling south on this service. The mail totalled 198 kilos for all Empire ports.

Mr. H. G. Cooper, official of the Hongkong and Whampoa Dock Co., Ltd. was hurrying to pay a business call in London. This local resident is expected to return shortly, completing a round-trip to England by air.

Hon. Mr. S. Caine, former Financial Secretary to the Hongkong Government, was sorry to bid farewell to the Colony on his departure yesterday morning. This well-known gentleman is returning by air to London and new duties in the Colonial Office.

The third traveller was Colonel F. Pope, an American, en route to Batavia. This passenger holds a membership card in the United Air Lines' "Two-hundred-thousand Mile Club." That is to say, Colonel Pope has travelled that many miles by air to date. Members of this club are given a small gold medal having the names of all the countries in which they have flown inscribed thereon, which, in his case, covers every air line in the United States, Europe, Asia and Australia. On his return home shortly, Col. Pope hopes to qualify for the "Four-hundred-thousand Mile

Club." He also expects to see New Zealand from the air. While on the subject of planes, it must be recorded that Mr. E. Burn, British Government Inspector, is in our city again. During the next ten days this tall, handsome gentleman will inspect the craft at Kai Tak.

Via Italian Line

TRAVELLING DOWN to our city from the North were a few local residents and Shanghai businessmen.

Returning home were Mr. and Mrs. J. E. Rocha, accompanied by their young daughter. This local family are connected with British American Tobacco interests.

And Mr. K. A. Munro, representative of Gilman & Co., Ltd., returning home shivering from a business call in Shanghai.

Visiting our city for a few days is Mr. B. Britt, connected with Baer & Co., Shanghai.

Mr. F. A. Salamy, a member of the exporting house of Salamy Bros., in Shanghai, and Mr. W. Shanahan, an official of Harrison, King & Irwin in the North, will spend a week or so in Hongkong on business.

Departing for southern and European ports by the Italian steamer the other afternoon was Mr. T. Troller, the popular gentleman who looks after the affairs of the famous Raffles Hotel, in Singapore. The hotel expert has been for some time in Hongkong on vacation.

Another equally popular gentleman, who was host to a large gathering before the steamer sailed, is Mr. B. T. Ong, of Singapore.

Madame M. Caudron, accompanied by her two daughters, sailed from the Colony bound for Venice. This traveller wistfully said "goodbye" to her young daughter who recently married Mr. R. H. Brooks, of the Fire Brigade.

Mr. Ts Faung Zing, accompanied by his family, left many friends behind when they departed for their new home in Singapore. The popular Chinese gentleman was formerly manager of the China Travel Service in Hongkong.

NAZI MISCALCULATIONS
OF COMMONWEALTH'S
ATTITUDE TO THE WAR

LONDON, Dec. 6 (BWS).—German miscalculations of the Commonwealth's attitude to the war are the subject of comment in the Manchester Guardian which reviews the outlook in the Empire.

After signing the Statute of Westminster in 1931 under which, in all but their common allegiance to the Crown, the Dominions were separate peoples it was supposed, says the Guardian, that "it needed only a situation in which on an issue vital to the Commonwealth the King was given conflicting advice in different Dominions for the whole illogical system to fall to bits."

That situation, it was moreover asserted, would arise as soon as Britain wither in her European entanglements and became involved in a war in which her sister nations could disinterest themselves.

Canada would naturally embrace the neutrality of her great neighbour, Australia, with her eye on the Pacific, would make no effort that lessened her capacity to deal with her own problems, South Africa, with her own difficulties of race and colour, would withhold her aid.

At the best it would be a peaceful parting. As the worst as conjured by the wishful thinking of Nazi prophecy, revolt would be rife from the Indian Ocean to the Irish shores and our hands would be crippled by the need for dealing with our own disorders.

COMPLETE FREEDOM

In the upshot complete freedom of the Dominions themselves has proved the surest guarantee of their comradeship in a fight to restore freedom. In nothing has German calculation been more signally stultified than in the belief that the nations of the British Commonwealth, which, more perhaps than any peoples, hold free institutions dear would be moved by selfishness to apathy if a challenge to freedom had to be met in arms.

The sum total of the answer to that challenge is not yet to be measured but the several and concerted steps which have been taken.

23 HOURS IN AN
OPEN BOAT

LONDON, Dec. 6 (Reuters).—After twenty-three hours in an open boat, the captain and five of the crew of the British steamer Endulf, were landed by a trawler in a Scottish port.

The steamer carried a crew of twenty-three, of whom nine are presumed to have been lost.

SPEEDY MEETING

In this connexion the Guardian refers to the speedy meeting in London of the Commonwealth representatives which has made it possible to envisage the part each can best play. After reviewing the contribution of the Dominions, it notes that victory will not come from the mere concentration manpower.

While assuring the heartiest welcome to Canadian and Australian troops who before long will join the Western Front, the Guardian emphasises the importance of the Dominions' agricultural products and mineral wealth and says that the selection of Canada as the air training ground with an estimated, alternate, capacity of training 25,000 men annually may prove a decisive factor in the war. Full value of the Dominions' help will be felt only with the passage of time but it is better organised now than in 1914.

FINNS CONTINUE TO RESIST AS MASSED SOVIET FORCES POUR INTO COUNTRY BY RAIL AND SEA

Anxiety On Reported Threat Of Destruction

FINNISH MINISTER ALLEGED TO BE HELD IN MOSCOW

LONDON, Dec. 6 (Reuter) — While Helsinki and other towns enjoyed a third day's uneasy respite, Finnish troops in the extreme north were feverishly digging themselves in, amid the charred and smoking ruins of Petsamo and Salmijaervi.

Although no Soviet bombers appeared yesterday, every one listened and watched for the first sign of the mass air raid which is expected.

Now considerable fears are expressed for today, which is the Twenty-First Anniversary of Finland's independence. Many Finns fear that Moscow spared them yesterday in order that the threatened destruction should coincide with this anniversary, but conditions today are likely to be unfavourable for any air activity.

In the neighbourhood of Petsamo and Salmijaervi, the Finns are preparing to offer energetic resistance to the Soviet attack expected in the near future.

Fighting in the district is already heavy and it is admitted that the Russians gained a certain advance.

The Russians are pouring troops by sea and rail but hitherto the reinforcements have not been strong enough to make a really successful frontal attack on the main Finnish positions.

Meanwhile, streams of fugitives continue to cross the Norwegian frontier, but not a single Finnish soldier passed into Norway.

FINNISH CLAIMS: TANKS DESTROYED

HELSINKI, Dec. 6 (Reuter) — An official Finnish Communiqué states that in the three days fighting on the Karelian Isthmus 64 Russian tanks were taken. In the fighting

AMERICANS CAN JOIN CANADIAN AIR FORCE

OTTAWA, Dec. 6 (Reuter) — It was announced yesterday in Ottawa that United States citizens can now volunteer for service in the Royal Canadian Air Force. They must take the oath to the Crown on joining.

CANADIAN NAVY

The Canadian Navy is ready for any call that might be made on it and the normal six destroyers and five mine-sweepers have been increased by fifty craft of all kinds. The pre-war personnel of 1,700 has been more than doubled.

MANY APPLICATIONS

OTTAWA, Dec. 6 (Reuter) — New regulations by the Defence Department opens the ranks of the Air Force to non-citizens of European descent in Canada who are willing to take the Oath of Allegiance to the King.

It is understood that the measure is due to numerous applications from American youths, many of whom are experienced pilots, to join the Canadian Force.

Soviet troops marching towards Petsamo, according to a Helsinki despatch, which also states that Finnish anti-aircraft fire inflicted heavy losses on Soviet aircraft attempting to bomb the hydro-electric plants at Imatra.

The despatch states that 40,000 Finns are opposing 80,000 Russians in Karelia.

FINNISH MINISTER HELD IN MOSCOW

LONDON, Dec. 6 (Reuter) — The Finnish Minister in Moscow is held in the Legation and is unable to leave the country, according to a Finnish source in London.

In the Salmi region, the Finns claim a considerable advance, inflicting "very heavy losses." They also claim an advance on the Karelian Isthmus.

SOVIET BOMBING

OSLO, Dec. 6 (Reuter) — Three Russian warplanes are reported to have bombed Salmijaervi and a number of explosions were heard on the frontier.

RUSSIAN CLAIM ADVANCE

MOSCOW, Dec. 6 (Reuter) — According to the latest Soviet bulletin, the Red Army advanced between 25 and 29 miles into the Karelian Isthmus.

It appears that the Soviet forces are only just within striking distance of the Mannerheim line, after five days' fighting.

MORE TROOPS

OSLO, Dec. 6 (Reuter) — Soviet warships were observed landing troops on both sides of the Petsamo Fjord, according to reports received here.

The Finns made no attempt to stop the landing and they are awaiting the Russians at Petsamo, which is stated to be strongly fortified.

MINES BOMBED

LONDON, Dec. 6 (Reuter) — Three Soviet aeroplanes bombed the nickel mines city near Petsamo yesterday.

According to reports, the city was burnt to the ground. The Russians have landed additional troops from a cruiser and two destroyers.

FINNISH RAID

HELSINKI, Dec. 6 (Reuter) — Finnish planes carried out a surprise air raid yesterday on the Soviet base at Murmansk, where they reported having destroyed 60 Soviet planes by means of small incendiary bombs.

Finnish troops are reported to have annihilated two whole Russian tank regiments of forty tanks each. The tanks were destroyed by anti-tank artillery.

LARGE-SCALE BATTLE IMMINENT

TROMSOE, Dec. 6 (Reuter) — Large Soviet reinforcements are being concentrated near Murmansk for what seems likely to be a large-scale offensive in the extreme north of Finland.

Following landings by the Red Army on both sides of the Petsamo Fjord, troops began to move up in large numbers from Murmansk according to Finnish air observations.

The Finns have a military force of 20,000 in this area, with a strong natural defence system and sanguinary fighting appears to be imminent.

Petsamo is still in Finnish hands.

THE KING WITH HIS TROOPS

Tour Covers Wide Area

LONDON, Dec. 6 (Reuter) — His Majesty the King spent eight hours yesterday with his armies in France and the sounds of cheering as His Majesty left each unit were carried across the countryside.

His Majesty lunched with Viscount, the Duke of Gloucester and a score of other high officials in a simple village estaminet, ordinarily used as a Corporals' Mess.

WIDE TOUR

His tour covered a wide area, concluding with a review of a battalion of Highlanders only quarter of a mile behind the barbed wire.

As the convoy headed by the King's car flying the Royal Standard returned at twilight to GHQ, little crowds of French people lined the streets in the towns and villages waving a welcome.

ANOTHER VISITOR

LONDON, Dec. 6 (Reuter) — Another British visitor to the Western Front on Monday was the Chancellor of the Exchequer, Sir John Simon.

Taking time off from his talks with the French Finance Minister, Sir John saw several secret R.A.F. aerodromes.

SOVIET - GERMAN RIFT?

AMSTERDAM, Dec. 6 (Reuter) — It is reported that the First Secretary, M. Nikolai Ivanoff, and two other members of the Soviet Embassy in Berlin have been suddenly recalled to Moscow.

The reason for the move is not revealed and much comment is caused in Berlin at a moment when Germany urgently desires her relations with Russia to appear outwardly cordial.

SWEDEN TAKES STEPS TO PROTECT HERSELF AGAINST AN EMERGENCY

LONDON, Dec. 6 (Reuter) — Important precautionary measures have been taken by the Swedish Government in view of the Baltic crisis. These include a step which has the effect of closing the Gulf of Bothnia to the Soviet Baltic Fleet.

It was officially announced in Stockholm last night that the waters between the Swedish north-eastern coast and Aaland have been mined. As Finland has mined waters between the Aaland Islands and the Finnish coast, the Gulf is now completely closed.

PARTIAL MOBILIZATION

In addition Sweden has extinguished all navigational lights on the east coast of Sweden and has ordered partial mobilization on a scale which will bring 40,000 additional men to the colours immediately and further contingents shortly.

The Defence Minister, in an official statement, said that strong reinforcements had been sent to the coastal fortifications and several areas inside Swedish territorial waters had been mined, in addition to the Aaland Island field.

Preparations have also been completed for the evacuation of the entire civilian population of Stockholm, should the need arise.

INTERVENTION CAMPAIGN

STOCKHOLM, Dec. 6 (Reuter) — A campaign to favour active in-

U.S. Sympathy For Finland

DEBT PAYMENT TO BE SUSPENDED

WASHINGTON, Dec. 6 (Reuter) — President Roosevelt asked Mr. Henry Morgenthau, Secretary of the Treasury, to place the Finnish debt payment, due on Dec. 15 in suspension account.

Announcing this at a press conference, the President added that when Congress reassembled he would suggest that the money be returned to Finland for the benefit of the Finnish people and that it might be possible to make available to Finland some of her back payments to the United States.

HUNGARIAN VIEWS

LONDON, Dec. 6 (Reuter) — Count Csaky, Hungarian Foreign Minister, was vigorously cheered when he expressed Hungary's keen sympathy with Finland in the course of a speech in the Chamber of Deputies.

"This war and the plight of our brother peoples," he said, "fills us with sorrow."

He declared that there was no possible excuse for the invasion of Finland.

The people of Mauritius have donated £2,000 to the Red Cross Fund and one aeroplane to the British Government. (Reuter).

SWEDEN TAKES STEPS TO PROTECT HERSELF AGAINST AN EMERGENCY

intervention in Finland was launched today by an appeal published in all newspapers and signed by the leading professors, bankers, businessmen, bishops and industrialists.

The appeal stresses the gravity of the issue for Finland and points out that only Sweden at present is in a position to help.

The appeal adds that the signatories consider it their duty to appeal for Swedish help for Finland to be provided with all resources possible.

CHILE REJECTION

SANTIAGO, Dec. 6 (Reuter) — It is understood that the Government has rejected the suggestion that it should join in the declaration of protest by countries in North and South America against the Russian invasion of Finland.

The Chilean reply, it is said, states that Chile is "essentially American" which prevents her from interfering in the affairs and conflicts of another continent.

The reply, it is also said, declares that such intervention is "belated," as no similar attitude was adopted at the time of the invasions of Austria, Czechoslovakia, Poland and Albania.

U. S. FUGITIVES

STOCKHOLM, Dec. 6 (Reuter) — American fugitives from Helsinki arrived here and were greeted by the U. S. Minister for Sweden. The U. S. Legation staff is remaining in Finland at a small village near Helsinki.

AMAZING PLUCK OF THE FINNS

HELSINKI, Dec. 6 (Reuter) — "The departure of the last Britons from Helsinki was arranged in the early hours of yesterday by the British Legation," writes Reuter's special correspondent. "I and the British-born manager of the local tobacco factory were the only Britons sleeping in the heart of the city."

"We were awakened at 3.30 a.m. by telephone and instructed to present ourselves immediately at the Legation for a trip to a secret hide-out with other Britishers who had spent the night on the outskirts of the city."

HOCKEY CHATTER

BY "RECORDER"

Ten days have passed since the Civilians' hockey trial was held at King's Park, and the selectors of the team to meet the Combined Service on Sunday have yet to announce the names of the players chosen. We have 'it on' good authority that the selected team will be announced in the course of today—too late for comment in this column.

Having witnessed the one trial held on the Sunday before last, we extend to the selectors our deepest sympathy. Their task was not an easy one, and with their hicklers, therefore, we cannot agree. From the players on the field, and on the one basis of their performance that day, little could be chosen that would permit of sound sleep later for an honest man.

Selectors, other than official, have come through with representative eleven. From eight good men and true, reputed to be all of sound judgment, as many as five of whom had witnessed the game, we took a poll of popular opinion on the matter. Two names only were submitted in common by all eight selectors—N. B. M. Whitley and V. C. Bond. The Radio forward, Gurubachan Singh, found seven backers—four for the centre-forward berth. W. A. Reed, J. Soares and T. D. S. Whitley, the latter of whom did not play in the trial, were named five times. Six other players appeared on four of the lists submitted.

We will not add our own voice here in support of any player, but implore the selectors to favour followers of hockey in the Colony with a team that will not include more than four players from one club, and that will find at least six clubs represented.

On the Combined Services team, one little bit of comment must be made. The Navy have received a generous allotment of places, in fact a too generous allotment—some will say—when one comes to trying to remember how many games Navy players have participated in this season. The R.A.F., who possess as keen a team of hockey players as any other branch of the Services, have

The game between R.A.F. and the University in the Third Division has been postponed.

NOTE: The figures in brackets after First Division teams denote the result in the first round League game last season.

To turn to a more lasting subject—the Hockey Association Tournament. A lot of progress has been made over the week-end and only the University, whom we remind here of last season's unplayed ties as a good reason to hustle, have not yet started on their programme. I understand they meet Recreation tomorrow.

The Royal Engineers are in the lead with three clear wins in three matches played. Though we doubt their ability to stay tops long enough to win the Tournament, the Sappers have done very well so far and must be congratulated on their auspicious start. Of the six goals scored by the Sappers, L/Sgt. "Curly" Homburg can claim five, and this, we learn from our files, is more than any other forward has contributed to his side so far in the Tournament.

The "Y" Ladies camp is quite disturbed over the departure for Singapore of their dependable left-wing, Miss Helen Bockler. The point is that the champions cannot find a suitable replacement now that Miss O. Pocock has also left the "Y" fold. Their most recent and most important acquisition, Miss Decima Eardley, the Shanghai Interporter, is a right-winger and therefore somewhat unsuited for the vacant berth.

Further, Miss Eardley has not played hockey since the last interport match and is chary on trying out in an unaccustomed position. The "Y" are not disposed on reshuffling their attack, more definitely so in view of the fact that they meet St. Andrew's in this Saturday's Gaer Clark encounter, and rumours are rife to the effect that the Saints are out to win. One in the know tells us, in most impressive gangster language, that St. Andrew's are "feeling tough."

If umpires will persist in not turning up at Brawn Cup matches,

Demand For Tin From U.S.: Request For Lifting Of Control In Commons

LONDON, Dec. 6 (REUTERS)—THE TIN QUOTA WAS THE SUBJECT OF QUESTIONS IN THE HOUSE OF COMMONS YESTERDAY BY MR. R. R. STOKES (LAB.), WHO ASKED WHETHER THE PRESIDENT OF THE BOARD OF TRADE WAS AWARE THAT THE UNITED STATES DEMAND FOR TIN EQUALS THE MAXIMUM OF UNRESTRICTED PRODUCTION IN BRITISH MALAYA and whether, as under the International Control Agreement, any signatory may apply for permission to increase production beyond the agreed quota and why this application was not made in view of the representations by United States consumers?

Mr. Stokes further asked whether, with a view to benefiting British industry and the dollar exchange position, the President of the Board of Trade would consider removing restriction on production and re-controlling the price, so that it could assume its normal level?

Mr. Stokes further asked whether the Dutch had been consulted before a maximum price limit was fixed for all tin smelted in the United Kingdom and Malaya.

GOVERNMENT REPLY

The Secretary for the Colonies, Mr. Malcolm MacDonald, replied and said he was satisfied that the International Tin Committee was doing what was necessary to meet the market's real requirements and it would not be in the interests of colonial dependencies for producers to take the action advocated.

No such requests had been made by the Malayan and Nigerian Governments.

The question of price control was under the Government's constant consideration.

Dutch representatives on the International Tin Committee had been kept informed before the maximum price limit was fixed for all tin smelted in the United Kingdom and Malaya.

PRICE CONTROL

Mr. Stokes asked if the Minister would consider it advantageous that tin should be sold at £238 per ton fixed from Malaya, brought by foreign intermediaries and resold to the United States for £350?

Mr. MacDonald replied: "This matter is under constant consideration. It was never intended that the fixing of prices should be necessarily permanent."

Mr. Stokes: Does he propose to do anything about it?

Mr. MacDonald said it would be foolish to announce any intention beforehand.

HIGH PRICE IN U.S.

LONDON, Dec. 6 (Reuters)—In the House of Commons yesterday, Mr. R. R. Stokes (Lab.) asked Sir John Simon why advantage had not been taken of the high tin price ruling for some time past in the United States to obtain greatly increased supplies of dollar currency instead of fixing a maximum sterling price limit at a figure

The market was quiet but steady.

COTTON: There has been an increase in realizing and hedging from the South, while Trade shorts were good buyers of near positions. Spot were firm.

RUBBER: The technical position has improved. Some factory interest was evident.

WHEAT: The undertone of the market was distinctly firm on good milling demand and extensive short-covering. Sentiment on the private estimates of the Winter crop ranging from 380,000,000 to 400,000,000 bushels is bullish.

ALLEGED BRITISH DECISION NOT TO SEIZE GERMAN ARMS EXPORTS TO JAPAN AROUSES ANGER OF CHUNGKING PRESS

CHUNGKING, Dec. 6 (Reuter)—Chinese circles criticize the alleged British decision not to seize German arms exports to Japan.

In a strongly worded article yesterday morning, the influential Ta Kung Pao declares: "We cannot understand the alleged British decision not to seize German arms exports to Japan."

"We are all neutrals in the European War; why, therefore, grant a special privilege to Japan? That is an injustice."

PARTICULARLY STRANGE

"That arms exports is especially mentioned is particularly strange. The reason why Japan is importing arms from Germany is to wage her war of aggression in China and Britain is alleged to have particularly excluded such German exports to Japan from seizure."

"We have no other explanation, except that Britain is deliberately making matters difficult for China and must express our profound regrets."

PRACTICE ATTACKS BY THE CHINESE FORCES ON THE CHUNGTAO RANGE. (PHOTO, S. H. HSIA).

LORD NUFFIELD'S MUNIFICENCE

LONDON, Dec. 6 (Reuter)—Lord Nuffield's latest munificence was announced in the House of Commons by the Minister of Health, Mr. Walter Elliot, during the debate on Social Services. He said that in a letter Lord Nuffield expressed the hope that voluntary hospitals would carry on the magnificent work, but pointed out the changes in conditions which had made a Central Fund for the provinces essential.

HOSPITAL SERVICE

"It is my hope," says Lord Nuffield, "that a truly national hospital service may be evolved."

Mr. Elliot, replying in the debate, said that the Government was devoting £50,000,000 more this year to social services than in 1931 and this at a time when Herr Hitler was increasing the hours of labour of the working class in Germany and Field Marshal Goering was telling German workers that they would have to tighten their belts and "would be all the better for it."

NAZI BUND LEADER SENTENCED

NEW YORK, Dec. 6 (Reuter)—Fritz Kuhn, the German Bund leader, who was convicted on five charges of grand larceny and forgery was sentenced to from 2½ to 5 years.

JUDGE'S REMARKS

Passing sentence, the Judge said he was not sending Kuhn to jail because he was a hate dispenser or rabble-rouser, because there were thousands of others in the United States. But even the funds of an organisation like the German-American Bund were entitled to the protection of the law.

JAPANESE "PURGE" IN NORTH

CHUNGKING, Dec. 6 (Central)—Many Japanese officers and privates have fallen victim to a "purge" recently carried out by the Japanese Gendarmerie against anti-war elements in Peiping and Tientsin, according to a Tientsin report.

These included 13 junior officers and privates in the Simitsu detachment and 24 in the Yoshida detachment.

The officers are alleged to have been executed secretly, while the privates were escorted to an islet in the Ryukyu group.

Two Malay seamen, Suing, 22, and Badoran, 21, from the m.v. Ruys, were fined \$10 each by Mr. Q. A. A. MacLachlan at Kowloon Court yesterday on a conviction for unlawful possession of arms. The defendants were in possession of daggers, which they said they were allowed to carry on their persons in the Straits Settlements. They pleaded ignorance of the Colony's laws.

Sore Spot In "Occupied" Shansi

CHINESE GUERRILLA BASE

CHUNGTAO MOUNTAIN, SHAN-SI, Dec. 5 (Central)—The Chungtao mountain range, Chinese guerrilla base in South-West Shansi, is described by the Japanese themselves as a sore spot in "occupied" Shansi.

The guerrillas make frequent harassing attacks in the regions below. The Japanese have launched several "mopping up" drives which all ended in disastrous failure.

DAILY SHELLING

Since last June, no fewer than 3,000 Japanese have lost their lives as a result of Chinese raids. In addition, the Tating-Fuchow Railway has been constantly wrecked and about 400 wagons have been damaged.

Japanese artillery is almost daily shelling the mountain but without avail.

The Chungtao mountain range is a branch of the Taihang Mountain Range. It runs from Yuanku in the east to Yungui (Puchow) in the west, measuring a length of approximately 100 miles.

To the north it overlooks the Tating-Fuchow Railway, now Japanese main line of communication in Shansi, and to the south it is bounded by the Yellow River.

Japanese Press Gangs In Canton

CHINESE FLEEING FROM CITY

SHUUKWAN, Dec. 6 (Int)—Many people in the occupied area around Canton are fleeing to regions under Chinese control, owing to the activities of Japanese press gangs in recruiting men for transportation and military service, according to refugees returning here.

SEVERE PENALTY

They went back to Canton to see what happened to their shops and houses, and the unfortunate ones were taken away for labour or military service. Some of the recruits were sent to repair highways or to Formosa to undergo military training.

Village heads near Canton are required to hand over certain numbers of men on pain of severe penalty.

TRIBUTES TO LATE PRINCESS LOUISE

LONDON, Dec. 6 (Reuter)—Tributes were paid to the memory of the late Princess Louise, Duchess of Argyll, in both Houses of Parliament yesterday. When resolutions were passed expressing deep sympathy with Their Majesties in the loss they have sustained.

TOKYO GLOATING

Continued from Page 1

Importance of the issue. He added that the press reporter had unduly embellished his remarks.

Asked whether he was taking steps to correct the alleged misrepresentation, Mr. Suma replied that the matter was not sufficiently serious to require correction.

U.S. FLEET MOVEMENTS

Turning to the interview on Dec. 4 between the American Ambassador, Mr. Joseph C. Grew, and the Foreign Minister, Admiral Nomura, the spokesman said: "Admiral Nomura had not mentioned to us the fleet movements."

Mr. Suma made this statement in denial of the Japanese News Agency report that Admiral Nomura had informed Mr. Grew that it would be impossible for the Japanese Government to proceed with the adjustment of relations between Japan and the United States under the strong sentiment in the United States in favour of concentrating the United States Fleet in the Pacific.

CHINA WAR NEWS

Continued from Page 1

JAPANESE SURROUNDED
YUNGYUN, KWANGTUNG, Dec. 6 (Central)—An engagement took place at Sampangshuek, northwest of Nanchangang on the Canton-Hankow Railway, on December 2. Closely surrounded, the Japanese lost about 300 men, and ten horses.

CHINESE RAID

MILO, HUNAN, Dec. 6 (Central)—Three Chinese columns attacked Yanglowse on the Canton-Hankow Railway, 37 miles northeast of Yoyang, and Hsingputze and Pingshupu, points in the neighbourhood, on Sunday night. After a night-long engagement, they succeeded in breaking into Yanglowse and Hsingputze, inflicting about 300 Japanese casualties. After destroying the railway track, bridges, and telegraph poles and wires, they safely withdrew.

SOUTH SHANSI

LOYANG, Dec. 6 (Central)—Fighting on the Hsianghsien-Henlingkwan front, in South Shansi, is increasing in severity.

Chinese forces to the west of Henglingkwan took the offensive on Sunday and routed the Japanese there. In pursuit of the retreating Japanese, they are reported to have reached Nankow. On the Tayukow sector, the Japanese have staged several attacks under the cover of heavy artillery fire without success.

Reinforced, the Japanese who withdrew from Fangshanmao have returned to make another bid for the strategic town. Violent fighting is raging there.

SURPRISE ATTACK

HSUCHANG, HONAN, Dec. 6 (Central)—Three hundred Japanese troops north-west of Tung-hsu, in East Honan attempted to make a surprise attack on the Chinese positions nearby on November 30.

The Chinese who had received information of their movement, intercepted them on the way and subjected them to a pincer attack. After sustaining heavy losses, they retreated.

SHUUKWAN BOMBED

SHUUKWAN, Dec. 6 (Central)—Nine Japanese aircraft bombed areas north of Shuukwan, 140 miles north of Canton, yesterday. Eight explosives were released.

Later eight other machines raided Yui, Hopein and Lokchong on the Canton-Hankow Railway, dumping over 40 missiles.

NORTH CHEKIANG

KINHWA, Dec. 6 (Central)—More than 400 Japanese and puppet Chinese troops launching an offensive on the Chinese positions near Changching on the west shore of the Taihu Lake have been repulsed with considerable losses.

Chinese forces made a surprise attack on Chapoo, important town on Hangchow Bay last week. Many Japanese were slain.

TRAIN WRECKED

CHENGCHOW, Dec. 6 (Central)—Chinese guerrillas wrecked another Japanese military train south of Yuanshish on the Peiping-Hankow Railway, 20 miles south of Shihohschwang, on November 30, reports reveal.

The train struck a mine. Taking advantage of the mishap, the guerrillas emerged from their hiding and attacked the Japanese. Some 200 Japanese were killed and wounded and the locomotive and many wagons were destroyed.
